Opportunities to compete at the national and international levels

BASEF Inspiration Student Awards

\$500 awards to top projects that win \$250 or less in cash prizes,
and do not win a Grand Prize Trip Award and have not previously
won a BASEF 500 award.

See basef.ca for more information

Teachers

Infinite Possibilities Teacher Grant Program

A \$1000 grant to teachers of grades 4 to 12 in publicly-funded school boards to enhance in-person experiential science & technology learning.

Bursary Program

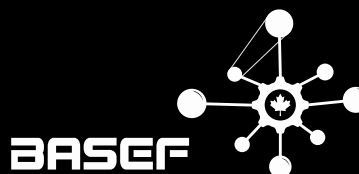

Do you have students in need of financial assistance? Up to 40, teacher recommended, students will be given \$30.00 to assist with their project. See: <https://www.basef.ca/teachers/bursary-program/>

Champion Teachers Award

This award recognizes the dedication and outstanding support a teacher provides to their students. Students nominate teachers that they would like to see recognized for their outstanding work.
